

# PRA conducts Coastal Clean-up at Freedom Island

As part of PRA's commitment in protecting the environment, the Agency together with its subsidiary PEA Tollway Corporation (PEATC) recently conducted another Coastal Clean-up on March 23, 2019 at Freedom Island Coastal Road, Parañaque City.

Officers and employees worked tirelessly in collecting trash in the area and were able to gather 269 sacks in total. The Agency will regularly conduct coastal clean-up activities throughout the year. PRA aims to raise awareness and help stem the tide of pollution in Manila Bay through such undertakings/activities.
